

Blower Motor - 1 HP, 120 V, Spa Air Blower

Item PRO100120

PRODUCT DESCRIPTION

Enhance the spa experience with our ultra-quiet spa air blowers. These low-noise solutions use advanced technology to maximize bubbling and create a relaxing spa atmosphere.

FEATURES

- ▶ Superior performance at a fraction of the noise level - low dBA
- ▶ Durable spring check valve included
- ▶ Heavy-duty thermally protected motor
- ▶ Heavy-duty mounting bracket
- ▶ Rugged reinforced thermoplastic construction for long life
- ▶ Quick and simple installation
- ▶ Durable 1-1/2" - 2" check valve included
- ▶ Powerful air flow. Maximized cubic feet per minute
- ▶ Meets and exceeds UL safety standards
- ▶ Insulated design for low noise

APPLICATIONS

- ▶ Spa Air Blowers

TECHNICAL DATA

General	
Model Number	PRO100120
Description	1 HP, 120 V, Spa Air Blower
UPC Code	816965015719
Brand	Intermatic
Country of Origin (Intermatic)	MEXICO
Warranty Period	1-Year limited
Control Specifications	
CFM	114
On Off Switch Option	No
Material Specifications	
Color	Black
Electrical Specifications	
HP	1
Operating Current	11.2
Voltages (Single Phase)	120
Packaging	
Shipping Weight (lbs)	10.5
Unit Carton Dimensions (H x W x L) in	12.5 x 12 x 12 in
Standards and Certifications	

UL Certification	UL
California Proposition 65	Lead
RoHS Certification	N
